

True Access have organised a few events for us to engage in over the next couple of weeks in quarantine. Some of these events include: Netflix Screening Parties, Virtual house parties, Gaming, Quiz night, Karaoke, Talent shows and so much more. True access understands the importance of supporting and actively engaging with our members during these challenging times. This is our way of supporting our young members with learning disabilities. Let's continue socialising from home to bring us all together. Upcoming Events hosted by True Access members:

True Access has been adding joy and laughter to the people with learning disabilities consistently for four years, showing our members that they are just as important to our community as anyone else.

Although these are trying times, True Access has continued in its consistency in providing activities and we want to keep it active during and after the pandemic.

To keep it going, we're going to need your help. If you can, we would really appreciate donations of any amount to keep us active.

You can also help by sharing this message to your friends and family who may want to support True Access.
